Earn Your A & P Licenses at BOCES!

For more than 35 years, the Aviation Maintenance Technology program has prepared students to become certified Airframe and Powerplant technicians. This program is operated through Western Suffolk BOCES and endorsed by the Federal Aviation Administration*.

Trained aviation maintenance technicians are in great demand on Long Island and across the country. With three major metropolitan airports, six regional airports and numerous energy stations, local opportunities for career growth are tremendous. Certified technicians will find good salaries, excellent benefits and personal satisfaction in this exciting field.

Our facility at Republic Airport in Farmingdale offers small classes, state-of-the-art equipment and highly skilled and experienced instructors.

Admission Requirements

Before registering, applicants must meet with a Career Counselor who will determine eligibility. Call 631/667-6000, x327 for appointment.

*Program is an approved Federal Aviation Regulation School. (FAR147.23§26)

To be admitted, a student must demonstrate an ability to benefit and provide:

- proof of a U.S. high school diploma or GED, or, if from a war torn country, a self-certifying letter, or
- an authorized evaluation of credentials if from another country, or
- an acceptable score on an Ability to Benefit Test approved by the U.S. Department of Education.

After individual counseling and review of the student's ability to succeed, a counselor may recommend a period of remediation before entry into the program. Call 632/667-6000, x327 for an appointment.

Program Length

Students can study full-time day or part-time evenings. You can earn both licenses in as little as 20 months, including attendance in two summer sessions. General, Airframe & Powerplant make-up sessions are also available.

Schedule

Day Classes: M–F; 8–2:30 PM

Evening Classes: M–Th; 6–10 PM

Fall semester: Sept.–Dec.

Spring semester: Jan.–May

Summer session: May–August

For current course information, go to www.wsboces.org/amtclasses

Transfer Credits

Transfer credits are accepted for work successfully completed in other FAA 147 approved programs and FAA recognized field experience. This program is an approved Federal Aviation Regulation School (FAR147.23§26).

Faculty

All our instructors have a college background and are FAA certified. There is a Designated Examiner on staff. See Course Handbook for details.

Facility

Located at Western Suffolk BOCES Republic Airport campus in Farmingdale, NY. This new 30,000 sq. ft. facility is equipped with state-of-the-art equipment and labs. See Course Handbook for details.

Federal Student Aid (FSA)

Don't let finances limit your dreams! Financial aid is available to those who qualify. Eligibility is determined by submitting a Free Application for Federal Student Aid (FAFSA) to the U.S. Department of Education. This application can be completed online at www.fafsa.ed.gov, on paper or by appointment with our Financial Aid Office.

Tuition not covered by Financial Aid is the student's responsibility; a payment plan will be established. The Financial Aid Office can help you with Alternative loans which are available to those who qualify for tuition balances not covered by Federal Financial Aid Funds. BOCES also accepts VISA and Mastercard. BOCES is approved by the VA and VESID. Call the Financial Aid Office at 631-667-6000 x455 to discuss financing options.

Note: Students must maintain satisfactory progress to remain eligible for Financial Aid. Initial deposit, due at time of program registration, is not covered by Federal Student Aid funds.

Job Placement

BOCES trains you for a great career and then helps you find that all important first job. Our Job Placement Office offers lifetime placement to also help you advance in your chosen field. Call 631/667-6000, x114

Advanced Study

Opportunities for advanced study towards a bachelor's degree are available at colleges such as University of New Haven, Pennsylvania College of Technology, Embry Riddle Aeronautical University.

Course Handbook

Important details such as the academic calendar, student grievance procedure, licensure eligibility and refunding of fees are in the Course Handbook.

The BOCES Advantage

- Low tuition that is all inclusive. No extra fees for application, books, labs, tests, or graduation
- Approved FAA program
- Day and evening classes
- NEW 30,000 sq. ft. facility
- State-of-the-art equipment and labs
- Designated Examiner on staff
- Waiver for approved military training (DD214)
- Unlimited transfer credits accepted from other FAA 147 approved programs and FAA recognized field experience
- Lifetime job placement
- Financial aid and grants available to those eligible
