

## Here's a sampling:

### Business

Business & Consumer Math: 1 Semester  
Business Communication: 1 Semester  
Business & Personal Protocol: 1 Semester

### Career Planning

Career Planning–Exploration & Dec. Making: 1 Semester

### Computer Applications

Web Design 1 & 2: 2 Semesters each

### English

English 9, 10, 11, 12: 2 Semesters each  
Advanced Composition: 1 Semester  
Reading Comprehension: 1 Semester  
Beginning Composition: 1 Semester

### Language Learning

Conversational English–Explore Your World: 1 Semester  
Spanish 1 & 2: 2 Semesters each

### Mathematics

Math Skills Review: 1 Semester  
Algebra 1: 2 Semesters  
Pre-Algebra 1: 2 Semesters  
Precalculus 1: 2 Semesters  
Geometry 1: 2 Semesters

### Miscellaneous

Physical Education  
Personal Fitness  
Sports On-Line  
GED Prep Online

### Science (Labs have to be provided by the high school)

Chemistry 1: 2 Semesters  
Life Science–Oceanography: 1 Semester  
Astronomy: 1 Semester  
Earth Science: 2 Semesters  
Health Science 1: 1 Semester  
Physics 1: 2 Semesters  
Living Environment–Biology 1: 2 Semesters

### Social Studies

Anthropology: 1 Semester  
Civics: 1 Semester  
Macroeconomics–Economics: 1 Semester  
Introduction to Psychology: 1 Semester  
Global History 1 & 2  
US History–American History: 2 Semesters

### Study Skills

Study Skills–Learning Fundamentals: 1 Semester  
SAT PREP: 1 Semester

### Advanced Placement®

AP Art History  
AP Biology  
AP Calculus AB  
AP Calculus BC  
AP Chemistry  
AP Computer Science A  
AP English Language  
AP English Literature  
AP Environmental Science  
AP European History  
AP French Language  
AP Macroeconomics  
AP Microeconomics  
AP Physics B  
AP Psychology  
AP Spanish Language  
AP Statistics  
AP US Government  
AP US History  
AP World History

# Online Courses

Help Students Learn  
...Anywhere  
...Anytime

[www.onlinehs.org](http://www.onlinehs.org)

# www.onlinehs.org

**W**ith a connection to the internet, high school students can now complete or supplement their high school education at their own pace. Wilson Technological Center's Online Courses for High School Students offers online courses ranging from credit recovery to Advanced Placement.

With our online learning program, your students can:

- Choose when and where to study.
- Make-up missed credits to graduate on time.
- Solve scheduling conflicts.
- Accelerate to complete high school early.
- Review for SAT and AP exams.
- Take AP or other courses not offered.
- Study while on medical leave.
- Recover credits.

School districts can add online courses that meet NYS Learning Standards to their own curriculum through an agreement with Western Suffolk BOCES. Take a minute to see how easy it is to navigate our site. At [www.onlinehs.org](http://www.onlinehs.org) you will find courses that students can use in three ways:

## **VIRTUAL**

Online courses provide 'anytime and anywhere' learning. Students can complete course material at their own pace in the comfort of their own home, in your school's library, or any remote location. Courses are available 24/7.

## **HYBRID**

Under this option, online courses with quizzes and homework assignments are offered in a classroom setting. Students can also access material from home. Hybrid courses can be utilized in a computer lab environment where a group of students take individualized courses that are proctored by one teacher.

## **TRADITIONAL**

Teachers in a traditional classroom setting can add an online component that incorporates related course material, practice tests and homework assignments.

## **Credit Recovery Facts**

A diagnostic-driven credit recovery course provides another opportunity to students who did not succeed the first time in the course. Students must demonstrate their knowledge in each learning unit. If they demonstrate competency in the unit assessment, they will continue with the next unit. If they do not demonstrate competency, they must complete the entire unit before they attempt to demonstrate competency again.

## **Are online courses different?**

Online courses are no different than traditional courses other than in delivery. Course content, length, and assignments are the same as those that districts expect from courses in your high school. Grades, credits, and exams are also the same as traditional courses.

## **Credit**

When students complete all assigned work, recommendation for credit is made to the home school. Credit determination, however, is the sole prerogative of the home school district.

## **What is needed to enroll?**

After the district has committed to enrollment, interested students must speak to their home school's guidance counselor. Districts can link [www.onlinehs.org](http://www.onlinehs.org) to the website of the district or the high school. Once registered, students need only a password, user ID, and internet connectivity to begin an online course.

## **Support**

Western Suffolk BOCES offers technical support that is just a phone call or email away. A guidance counselor is also available to work in conjunction with the home school guidance counselor.

## **Textbooks**

Most courses include an online textbook. Textbooks are not included for AP courses and some elective courses.

## **Frequently Asked Questions**

We have compiled answers to your questions, information about student responsibilities and grade reporting at [www.onlinehs.org](http://www.onlinehs.org).

## **Make BOCES Your Partner for Online Education**

- Requires minimal district management
- Provides state-certified teachers
- Offers curriculum and technical support via e-mail and phone calls
- Includes course development, assessment and grading handled by seasoned, NYS certified educators
- Permits views of student progress anytime, anywhere through custom reports and time monitoring
- Helps all high school students, including home bound and home schooled students, to complete or supplement their high school education in an engaging, dynamic online format
- Expands your course offerings by using online instruction for courses that have low enrollment
- Classes available 24/7, 365 days/year
- Weekly progress reports

## **Cost**

Take advantage of our expertise and experience in online learning. Save development and management costs by becoming a partner in our Online Courses for High School Students.

\$7,950 includes:

- Block of 25 one-semester passwords (includes any combination of online courses for high school students). Unused passwords will rollover.
- Set-up and training fee
- User guide in Word format for you to provide to your students
- Unlimited phone support
- Course list in Excel format
- Student welcome letter template
