

Retailing

accredited by the National Retailing Federation

RETAILING offers students the opportunity to participate in the operations of a working store. Students order, stock, develop displays and market products to the public and school population. All aspects of customer service, inventory, loss prevention, profit and loss management are included in the curriculum. With the abundance of retail establishments in the region, the need for trained workers is very high.

Work Environment

Workers provide goods and services that consumers need and want. They perform tasks which support the operations of a retail establishment. The working environment will vary depending on the size and type of business as well as its location.
